Renew • Expand • Achieve • Challenge • Hope

The Campaign for Community Preparatory School

Community Preparatory School has embarked upon an ambitious strategic plan of growth that will further its record of success and enable the school to play an even greater role in the education – and lives – of Rhode Island children for years to come. It is expanding the Community Preparatory School campus, establishing long-term fiscal sustainability, and providing on-going scholarship support.

Financial Goal: \$15M by December 2018

Campus Goals: A new building addition, an athletic field, and extensive building renovations

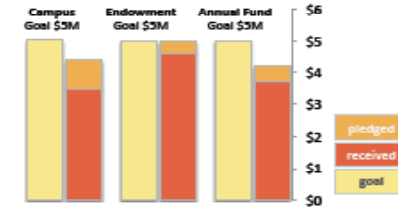

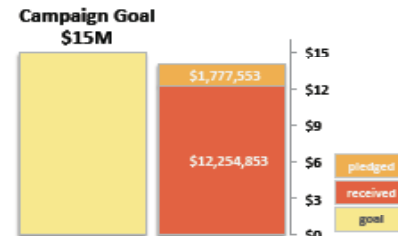

Scholarship Goal: Support our \$1.25M Annual Fund during the first four years of the campaign

Endowment Goal: Increase our endowment so that it can provide 36% of each year's operating budget

We have raised more than \$14M towards our \$15M **REACH!** Campaign Goal. We are in the process of raising the remaining funds for critical infrastructure improvements to our building, such as replacing heating elements, renovating bathrooms and installing new windows.

Thanks very much to the 400+ people who have already contributed to **REACH!** and to the community leaders who are helping make our decades-long dream of a campus a reality.
