

# REACH!

*Renew • Expand • Achieve • Challenge • Hope*

## The Campaign for Community Preparatory School

Community Preparatory School is embarking on an ambitious strategic plan of growth that will further its record of success and enable the school to play an even greater role in the education – and lives – of Rhode Island children for years to come.

It will expand the Community Preparatory School campus, establish long-term fiscal sustainability, and provide on-going scholarship support.

### **Financial Goal: \$15M by December 2018**

**Campus Goals:** A new building addition, an athletic field, and extensive building renovations

**Scholarship Goal:** Support our \$1.25M Annual Fund during the first four years of the campaign

**Endowment Goal:** Increase our endowment so that it can provide 40% of each year's operating budget

**Community Preparatory School** has raised more than \$12M towards its \$15M *REACH!* Campaign Goal. On April 6, 2016, we officially emerged from the “quiet phase” of the *REACH!* Campaign. Many of our most faithful supporters have already committed to *REACH!* We have raised enough through our “Building Match” challenge to begin construction of our addition, but we still need to raise \$2.75M to achieve our vision for the future. We are looking to new friends of the school to help us meet our goals.

Thanks to the generosity of four donors, we are initiating a new match program to follow our successful “Building Match Challenge.” In our “Field and Campus Match,” each dollar given for the creation of an athletic field and a more beautiful campus will be matched 1:1. We need to raise \$600K to match their \$600K.

**Hey Alumni!** Julian Dash '92, one of the *REACH!* Campaign Co-Chairs, a Community Prep Trustee, and father of Jaiden '20, is offering a 1:1 match on all alumni donations, up to \$25K. Alums can follow CP on Facebook or follow @Community\_Prep on Twitter. More info at [communityprepalumni.com](http://communityprepalumni.com).

Thanks very much to the 400+ people who have already contributed to *REACH!* and to the community leaders who are helping make our decades-long dream of a campus a reality.

**We would love to talk to you about REACH!**
